

OCCUPATION TENDER

Men's National Teams Manager – ISR Handball Association

Israeli Handball Background

It is our pleasure to present the Israeli handball.

ISR federation is active since 1995. We have players from 6 years old out of leagues.

Our players start playing in leagues at the age of 12 and at this age we are starting the national team's selection and preparation in order to gather each category for a long list of players.

We have 3 levels of senior leagues and 2-3 clubs which participate in EC each season.

In the past few years Israeli handball received a special recognition as a sport branch under development with the target to reach high achievements in Europe and worldwide, named: "Men's 2024 project" (please find below current teams/projects categories)

Part of the recent recognition is higher focus on handball in term of funds, infrastructure and other conditions.

Looking forward for a better professional system to improve our project, ISR federation would like to recruit well experienced teams manager for that important position. (Job profile attached)

CV may sent until April 30 , to : hfi@handballisr.co.il
